

FILM CITY IN DOLAKHA

SALIENT FEATURES

SN	FEATURES	CHARACTERISTICS
GENERAL		
1	Name of Project	Film city in Dolakha
2	Sector	Tourism/ Entertainment
3	Type	Film shooting destination, entertainment and leisure destination development

PROJECT LOCATION

1	Province	Province 3
2	Project Location	Bhimeshwor Municipality, Dolakha (Location Map) Area: 189 acres to 314 acres

PROJECT COMPONENT/TECHNOLOGY

1	Film shooting spaces	Film shooting spaces with fixed and semi-fixed built spaces. A key attraction would be Heritage City/Monumental Avenue – replica of Nepal's UNESCO-listed World Heritage Sites. Another attraction would be model villages representing different cultural groups. The film city would also host open spaces that can be leased to build sets according to the demand of the movie scripts and to capture the majestic beauty of the project site.
---	----------------------	--

SN	FEATURES	CHARACTERISTICS
2	Production and Post-production services	Production and post-production services includes indoor studio, facilities to lease shooting equipment, state of the art communication and data centre, office space for clients, among others.
3	Tourism facilities	Spaces would be leased to build tourism facilities including 5-star hotel, resort, casino, standard hotels, dormitories, and theme park. Other facilities like a central café/bar, souvenir shops, indoor and outdoor theatre will be key elements of this component.
4	Supporting facilities and further development	Supporting facilities and further development includes: School of film making, banks, departmental stores, parking spaces, guard house, warehouse and workshop, health centre, helipad, etc.

MARKET ASSESSMENT

1	Demand	Currently, nearly 100 mainstream films are made in Nepal, annually. The figure was about 60-70 as of FY 2015/16. Moreover, globally, with the proliferation of companies like Netflix and an increasing demand for new movies/series, there is increasing demand for film studios and spaces globally.
2	Supply	Nepal only has one built movie studio which is not in the best of conditions. Lack of required space and sophisticated studio has meant that domestic film-makers are still dependent on other countries and cities like Mumbai and Chennai for production and post-production. Current movie-makers use naturally occurring scenic destinations but as they do not have purpose-built facilities, they face difficulties. Moreover, in the lack of supply of such a facility, Nepal is missing out on branding its naturally given resources and assets.
3	Opportunity	Nepal, with its pleasant climate, wide landscape variation even within a small area and warm hospitality, is ideally suited for being developed as a prime destination for entertainment and movie tourism. It provides peaceful and safe choice along with scenic and splendid natural beauty and unique blend of cultures. The project site in Dolakha, given its unique feature, availability of land, development of connectivity and infrastructure and strong local support, can be branded as a unique world-class film city.
