PREFACE

Department of Customs has been disseminating Nepal's merchandise trade data regularly. This publication "Nepal Foreign Trade Statistics: Fiscal Year 2015/16 (2072/73)" has covered Nepal's annual cross-border merchandise trade over the fiscal year.

Nepal suffered a serious supply chain constraint during the fiscal year 2072/73. As a result, imports declined nearly by 1.5 % which has experienced continuous positive growth over the last decades. On the other hand, the annual exports plummeted nearly by 17.5 % resulting in poor overall trade performance. The widening trade deficit did not show any improvement in the following year. This larger trade gap demands a huge amount of financial flows preventing the potential opportunity of investment in economically productive sectors.

The statistics presented in this publication offers valuable insights of Nepal's merchandise trade. The publication sheds light on the structural division of commodities being traded and Nepal's position of integration with the regional and global marketplace. Besides, it also summarizes the commoditywise revenue collection which deemed to help fiscal policy evaluation and pave appropriate revenue strategy for the future.

It would serve for a wider section of the society namely business communities, public policy leaders, and academia, and many more.

I appreciate Deputy Director Generals Mr. Rup Narayan Bhattarai and Mr. Shree Krishna Nepal for overall guidance for the publication. In addition, the many hours devoted to compiling, processing and tabulating of this piece of work by the staffs of the Statistics Analysis Section, Director Mr. Binod Sharan Acharya and Statistics Officer Ms. Sharada Sharma who retained the overall responsibility for this publication are acknowledged. My appreciation also goes to Under-Secretary of Ministry of Agriculture Development Mr. Ram Krishna Regmi who was also a former staff of the Department, for his valuable contribution to this publication.

Commodities are classified based on Harmonised System of Commodity Classification and Coding System version 12.
